Trimble Total Station Portfolio

MECHANICAL SERVO with AUTOLOCK ACTIVETRACK ROBOTIC SCANNING TOTAL STATION

Trimble C Series Mechanical Total Stations	Trimble S Series Total Stations			Trimble SX12 Scanning Total Station
 <p>Dual face on-board displays or remote connection to handheld controller</p>	 <p>TCU5 controller (on-board)</p>	 <p>Pair the Trimble MT1000 or AT360 target with an S Series Total Station</p>	 <p>TCU5 controller (Robotic Holder or on-board) TSC7, T100, T10, T7 handheld controller</p>	 <p>TSC7, T100, T10, T7 handheld controller</p>
<p>Trimble C3, C5 and C5 HP: Mechanical Total Stations</p>	<p>Trimble S5, S7, S9 and S9HP Total Stations: Servo with Autolock standard on all models</p> <p>Trimble S7, S9 and S9HP Total Stations: Activetrack standard on all models. Standard or upgradeable on Trimble S5 Instruments.</p> <p>Trimble S5, S7, S9 and S9HP Total Stations: Robotic standard on all models, or service upgradeable.</p>			<p>Trimble SX12 Scanning Total Station: VISION, and Robotic come standard. Laser pointer standard or upgradeable.</p>
<p>Trimble® C Series Mechanical Total Stations are durable, efficient, highly precise instruments that work as hard as you do. By combining superior optics and autofocus with a rugged, lightweight, user friendly design, the C-Series stations deliver exceptional performance making field work faster and more productive.</p>	<p>Trimble S Series Autolock® Total Stations are ready to work with you. With your choice of Tracklight®, VISION™ or Long Range Finelock™ technology technology (model dependant). Combined with the Trimble TCU5 controller, experience the freedom of Total Control.</p>	<p>Trimble Active tracking technology ensures you stay locked onto your target and nothing else. IP55 rated targets are suitable for all weather conditions and enable you to stay locked with confidence.</p>	<p>Trimble S Series Robotic Total Station gives you the full freedom and flexibility for all your work. Move the controller out to the pole for control where you work. Aiding with correct data input, easier point coding and faster guidance for setting out.</p>	<p>The versatile SX12 solution is capable of collecting any combination of high-density 3D scan data, Trimble VISION imagery, and high-accuracy total station data, allowing you to capture exactly what you need, saving you time and money on every job.</p>
