DOWNLOAD TRIMBLE PERSPECTIVE MOBILE APP

How to download the App

The Perspective Mobile app can be downloaded from the [Google Play Store](#) or [Apple Store](#) and requires Android 5.0 or iOS 13.0 versions or greater. TPM also requires X7 or X9 firmware version 2.2.42 or greater and Perspective version 2.1.1.1425 or greater. After installing the app, follow the steps below.

1. Accept the license agreement
2. Tap on Sign In or Create an Account
3. Enter your Trimble ID or create one
4. The license will be downloaded to your phone.
5. Start the X7 scanner and update the firmware to the latest version if needed.
6. Follow the instructions on your phone to connect to the scanner via WiFi
7. After connection you're ready to scan

Download the free Trimble Perspective Mobile app today!
